## JAMP: THE JOINT ADMISSION MEDICAL PROGRAM

### What is JAMP?

JAMP was created by Senate Bill 940 of the 77<sup>th</sup> Texas Legislature to provide services to support and encourage **highly qualified, economically disadvantaged** students pursuing a medical education.

**JAMP awards scholarships for college and medical school. In addition, students in JAMP are automatically accepted into a Texas medical school if all program requirements are met.**

### Attention High School Students!!

If you are interested in JAMP, you MUST:

- Take the SAT or ACT and earn a score equal to or above the mean (average) for the state of Texas
- Be accepted and enroll in participating college or university the fall semester after your high school graduation  
*(All public universities are eligible. For a complete list of participating schools, please visit [www.utsystem.edu/jamp](http://www.utsystem.edu/jamp).)*
- Complete and submit the FAFSA (Free Application for Federal Student Aid) and be eligible to receive a Pell Grant  
*Pell Grant eligibility is based on your Expected Family Contribution (EFC). Your EFC is determined by factors such as parents' income, size of family, and family expenses. JAMP uses the Pell Grant eligibility to determine students who are "economically disadvantaged".*

Your freshman year of college is very important!!

As a college freshman, you must complete 15 hours of undergraduate credit during the fall semester with a 3.25 GPA or higher (no more than 3 hours of AP credit can be counted toward this requirement).

The deadline for applying to JAMP is **February 1 of your freshman year.**
